

- G.** The tangible personal property is residential solar energy systems equipment. (**Note:** Item G purchases are exempt from the 4% New York State tax rate and from the 3/8% MCTD rate. Item G purchases may be exempt from local taxes. See instructions.)
- H.** The tangible personal property will be used directly and exclusively in adding to, altering, or improving a qualifying tenant's leased premises for use as commercial office space in Eligible Area A or B as described in TSB-M-05(12)S, *Tangible Personal Property Purchased for Leased Commercial Office Space in Lower Manhattan*, provided that the tangible personal property becomes an integral component part of the building in which the leased premises are located, and where such property is purchased during the first year of the qualifying tenant's lease and delivered to the leased premises no later than 90 days after the end of that first year.
- I.** The tangible personal property is machinery or equipment used directly and predominantly in loading, unloading, and handling cargo at a qualified marine terminal facility in New York City. This exemption does **not** apply to the local tax in New York City.
- J.** The services are for the project described in line 2 on page 1 and will be resold. (This includes trash removal services in connection with repair services to real property.)
- K.** The trash removal service being performed for the project described is in connection with a capital improvement to the real property of an organization exempt under Tax Law section 1116(a).
- L.** The services are to install, maintain, service, or repair tangible personal property used in an Internet data center, for telecommunication or Internet access services, or for radio or television broadcast production or transmission.
- M.** The services are to install, maintain, service, or repair tangible personal property that will be used predominantly either in farm production or in a commercial horse boarding operation, or in both.
- N.** The services are to install residential solar energy systems equipment.
- O.** The services are to install tangible personal property purchased during the first year of the qualifying tenant's lease and delivered to the leased premises no later than 90 days after the end of that first year, that will be used directly and exclusively in adding to, altering, or improving a qualifying tenant's leased premises for use as commercial office space in Eligible Area A or B as described in TSB-M-05(12)S.

Caution: Contractors may **not** use this certificate to purchase services exempt unless the services are resold to customers in connection with a project. Construction equipment, tools, and supplies purchased or rented for use in completing a project but that do not become part of the finished project may not be purchased exempt from tax through the use of this certificate.

Certification: I certify that the above statements are true and complete, and I make these statements with the knowledge that willfully issuing a false or fraudulent certificate, with the intent to evade tax, is a misdemeanor under New York State Tax Law section 1817(m) and Penal Law section 210.45, punishable by a fine of up to \$10,000 for an individual or \$20,000 for a corporation. I also understand that the Tax Department is authorized to investigate the validity of exemptions claimed or the accuracy of any information entered on this form.

Type or print name and title of owner, partner, etc., of purchasing contractor	
Signature of owner, partner, etc.	Date prepared

Substantial penalties will result from misuse of this certificate.

Instructions

Only a contractor who has a valid *Certificate of Authority* issued by the Tax Department may use this exempt purchase certificate. The contractor must present a properly completed certificate to the vendor to purchase tangible personal property, or to a subcontractor to purchase services tax exempt. This certificate is not valid unless all entries have been completed.

The contractor may use this certificate to claim an exemption from sales or use tax on tangible personal property or services that will be used in the manner specified in items A through O below. The contractor may not use this certificate to purchase tangible personal property or services tax exempt on the basis that Form ST-124, *Certificate of Capital Improvement*, has been furnished by the project owner to the contractor.

The contractor must use a separate Form ST-120.1, *Contractor Exempt Purchase Certificate*, for each project.

Purchase orders showing an exemption from the sales or use tax based on this certificate must contain the address of the project where the property will be used, as well as the name and address of the project owners (see page 1 of this form). Invoices and sales or delivery slips must also contain this information (name and address of the project for which the exempt purchases will be used or where the exempt services will be rendered, as shown on page 1 of this form).

Use of the certificate

This certificate may be used by a contractor to claim exemption from tax only on purchases of **tangible personal property** that is:

- A. Incorporated into real property under the terms of a contract entered into with an exempt organization that has furnished the contractor with a copy of Form ST-119.1, *Exempt Organization Exempt Purchase Certificate*, governmental purchase order, or voucher.
- B. Incorporated into real property and is production machinery or equipment for which the customer has given the contractor a copy of Form ST-121, *Exempt Use Certificate*.
- C. Used in one of the following situations:
 - Machinery, equipment, and other tangible personal property related to providing Web site services for sale to be installed in an Internet data center. (Examples of qualifying machinery, equipment, and tangible personal property include: computer system hardware, pre-written software, storage racks for computers, property relating to building systems designed for an Internet data center such as interior fiber optic and copper cable, property necessary to maintain the proper temperature and environment such as air filtration and air conditioning, property related to fire control, power generators, protective barriers, property that when installed will constitute raised flooring, and property related to providing security to the center.) The customer must furnish the contractor a completed Form ST-121.5, *Exempt Use Certificate for Operators of Internet Data Centers (Web Hosting)*.
 - Used directly and predominantly in the receiving, initiating, amplifying, processing, transmitting, re-transmitting, switching, or monitoring of switching of telecommunications services for sale, or Internet access service for sale.
 - Machinery, equipment, and other tangible personal property (including parts, tools, and supplies) used by a television or radio broadcaster directly and predominantly in the production and post-production of live or recorded programs used by a broadcaster predominantly for broadcasting by the broadcaster either over-the-air or for transmission through a cable television or direct broadcast satellite system. (Examples of exempt machinery and equipment include cameras, lights, sets, costumes, and sound equipment.) This exemption also includes machinery, equipment, and other tangible personal property used by a broadcaster directly and predominantly to transmit live or recorded programs. (Examples of exempt machinery and equipment include amplifiers, transmitters, and antennas.)
- D. Installed or placed in the project in such a way that it remains tangible personal property after installation. The contractor must collect tax from its customer when selling such tangible personal property or related services to the customer, unless the customer gives the contractor an appropriate and properly completed exemption certificate.
- E. Used predominantly (more than 50%) either in farm production or in a commercial horse boarding operation, or in both, for which the customer has provided the contractor a completed Form ST-125, *Farmer's and Commercial Horse Boarding Operator's Exemption Certificate*. The exemption is allowed on tangible personal property whether or not the property is incorporated into a building or structure.
- F. Machinery or equipment used directly and predominantly to control, prevent, or abate pollution or contaminants from manufacturing or industrial facilities.
- G. Residential solar energy systems equipment. *Residential solar energy systems equipment* means an arrangement of or combination of components installed in a residence that utilizes solar radiation to produce energy designed to provide heating, cooling, hot water, and/or electricity. The exemption is allowed on the 4% New York State tax rate and where applicable, the $\frac{3}{8}\%$ MCTD rate. The exemption does not apply to local taxes unless the locality specifically enacts the exemption. The customer must furnish the contractor a completed Form ST-121 by completing the box marked *other* (U.). For the definition of *residence* and for an exception relating to recreational equipment used for storage, as well as for other pertinent information, see TSB-M-05(11)S, *Sales and Use Tax Exemption for Residential Solar Energy Systems Equipment*.
- H. Delivered and used directly and exclusively in adding to, altering, or improving a qualifying tenant's leased premises for use as commercial office space in Eligible Area A or B as described in TSB-M-05(12)S, *Tangible Personal Property Purchased for Leased Commercial Office Space in Lower Manhattan*, provided that the tangible personal property becomes an integral component part of the building in which the leased premises are located, and where such property is purchased within the first year of the qualifying tenant's lease.
- I. Machinery and equipment used at qualified marine terminal facilities located in New York City. The machinery and equipment must be used directly and predominantly in loading, unloading, and handling cargo at marine terminal facilities located in New York City that handled more than 350,000 twenty foot equivalent units (TEUs) in 2003. For purposes of this exemption, the term *TEU* means a unit of volume equivalent to the volume of a twenty-foot container. This exemption does **not** apply to the local tax in New York City.

This certificate may also be used by a contractor to claim exemption from tax on the following **services**:

- J. Installing tangible personal property, including production machinery and equipment, that does not become a part of the real property upon installation.

Repairing real property, when the services are for the project named on page 1 of this form and will be resold.

Trash removal services rendered in connection with repair services to real property, if the trash removal services will be resold.

Note: Purchases of services for resale can occur between prime contractors and subcontractors or between two subcontractors. The retail seller of the services, generally the prime contractor, must charge and collect tax on the contract price, unless the project owner gives the retail seller of the service a properly completed exemption certificate.

- K.** Trash removal services purchased by a contractor and rendered in connection with a capital improvement to an exempt organization's property.
- L.** Installing, maintaining, servicing, or repairing tangible personal property used for Web hosting, telecommunication or Internet access services, or by a broadcaster (described in C on page 3).
- M.** Installing, maintaining, servicing, or repairing tangible personal property that will be used predominantly either in farm production or in a commercial horse boarding operation, or in both (described in E on page 3).
- N.** Installing residential solar energy systems equipment (described in G on page 3).
- O.** Installing tangible personal property delivered to and used directly and exclusively in adding to, altering, or improving a qualifying tenant's leased premises for use as commercial office space in Eligible Area A or B as described in TSB-M-05(12)S, provided that the tangible personal property becomes an integral component part of the building in which the leased premises are located.

In addition, your *Certificate of Authority*, allowing you to make certain tax-free purchases, may be revoked, prohibiting you from conducting any business in New York State for which a *Certificate of Authority* is required.

To the vendor

Do not accept this Form ST-120.1 unless all entries have been completed. The contractor must give you a properly completed exemption certificate **no later than 90 days after delivery** of the property or service; otherwise, the sale will be deemed to have been taxable at the time the transaction took place. When a certificate is received after the 90-day period, both the seller (vendor) and contractor assume the burden of proving that the sale was exempt, and both may have to provide additional substantiation.

Your failure to collect sales or use tax, as a result of accepting an improperly completed exemption certificate or receiving the certificate more than 90 days after the sale, will make you personally liable for the tax plus any penalty and interest charges due.

You must keep this exemption certificate for at least three years after the due date of the last return to which it relates, or after the date when the return was filed, if later. You must also maintain a method of associating an exempt sale made to a particular customer with the exemption certificate you have on file for that customer.

Caution: You will be subject to additional penalties if you sell tangible personal property or services subject to tax, or purchase or sell tangible personal property for resale, without possessing a valid *Certificate of Authority*. In addition to the criminal penalties imposed under the New York State Tax Law, you will be subject to a penalty of up to \$500 for the first day on which such a sale or purchase is made, plus up to \$200 for each subsequent day on which such a sale or purchase is made, up to the maximum allowed.

To the purchaser

Warning for misuse of this form

Any person who intentionally issues a false Form ST-120.1 to evade sales and compensating use tax may be assessed for the tax evaded, and will be subject to a penalty of 100% of the tax due and a penalty of \$50 for each such certificate issued. The purchaser will also be guilty of a misdemeanor punishable by a fine not to exceed \$10,000 (\$20,000 for a corporation). Other penalties may also apply.
