### Sales and use tax chart (for line 1 computation only)

If your federal adjusted gross income for 2019 is:	Tax amount
up to \$15,000*	\$5
\$15,001 - \$30,000	\$10
\$30,001 - \$50,000	\$16
\$50,001 - \$75,000	\$25
\$75,001 - \$100,000	\$33
\$100,001 - \$150,000	\$43
\$150,001 - \$200,000	\$58
\$200,001 and greater	.0295% (.000295) of income, or \$125, whichever amount is smaller

\* This may be any amount up to \$15,000, including 0 or a negative amount.

If you maintained a permanent place of abode in New York State for sales and use tax purposes for only part of the year, multiply the tax amount from the chart (based on your total federal adjusted gross income for 2019) by the number of months you maintained the permanent place of abode in New York State and divide the result by 12. (Count any period you maintained the abode for more than one-half month as one month. Do not count a period of one-half month or less.) Enter that amount on line 1.

**Example:** You live in Monroe County in New York State.

Over the course of the year, you purchased several items for less than \$1,000 each (excluding shipping and handling) over the Internet and by catalog. You know that you did not pay any tax on the items purchased. You may elect to use the Sales and use tax chart to determine the tax due on these purchases.

Also, on August 15, 2019, you received a computer that you ordered from a retailer located in Michigan for \$1,500 including the retailer's \$100 charge for shipping and handling. The Michigan retailer did not collect any New York or Michigan sales or use tax.

Your federal adjusted gross income for the year is \$53,400. You determine the amount of tax due as follows:

For line 1 of the Computation of total sales or use tax due, you elect to use the Sales and use tax chart and select the amount based on your federal AGI of \$53,400. Enter this amount on line 1 of the Computation of total sales or use tax due ..... \$25.00

For line 2 of the Computation of total sales or use tax due, you use Worksheet 2 to calculate your tax liability on the computer purchase. \$1,500 × 8% (state and local combined rate in Monroe County from Form ST-140-I, Instructions for Form ST-140, Chart 1). Enter this amount on line 2 of the Computation of total sales or use tax due ..... 120.00

Total sales or use tax due ..... \$145.00
