Introduction

The New York State Department of Taxation and Finance (*NYSDTF* or *Tax Department*) is participating in the Fed/State 1120 Corporation Tax e-file program, under the Internal Revenue Service (IRS) Modernized e-File (MeF) architecture.

The NYS Tax Department is offering corporation tax return e-filing for Article 9-A, 13, 33, and some Article 9 corporations.

Electronic return originators (EROs) authorized by the IRS to e-file federal corporation tax documents are also authorized to e-file corporation tax documents with New York State (NYS). NYSDTF does not require EROs to apply for our program, or to provide copies of their IRS acceptance letters to NYS.

Corporate tax reform

The changes are generally effective for tax years beginning on or after January 1, 2015. For more information on corporate tax reform, see [Corporate Tax Reform](#).

Common corporation tax filing errors

Check out the following tips to prevent mistakes on returns prepared by your software that may result in bills for additional tax, penalty, and interest. For more information, see [Tax tips for avoiding common filing errors for general business corporations](#).

New York S Corporations

- To make the New York S election, Form CT-6, *Election by a Federal S Corporation to be treated as a New York S Corporation* is required to be filed.
- To terminate the New York S election, Form CT-6.1, *Termination of Election to be Treated as a New York S Corporation* is required to be filed. Otherwise, New York S Corporations will retain a filing deadline of the 15th day of the 3rd month.

What's new for tax year 2022

Tax documents for tax years 2020, 2021, and 2022 will be accepted. Tax year 2019 documents will **not** be accepted.

The following table shows tax rates that were adjusted for tax years 2022 through 2024. Tax year 2021 is shown for comparison:

| Corporation tax base | TY21 | TY22 | TY23 | TY24 |
|--|----------|----------|----------|----------|
| Business Income Base (base of more than \$5,000,000) | 0.072500 | 0.072500 | 0.072500 | 0.065000 |
| Business Income Base | 0.065000 | 0.065000 | 0.065000 | 0.065000 |
| Capital base | 0.001875 | 0.001875 | 0.001875 | 0.000000 |
| QETC designator (capital base only) | 0.000000 | 0.000000 | 0.000000 | 0.000000 |
| Manufacturer designator (capital base only) | 0.000000 | 0.000000 | 0.000000 | 0.000000 |
| Co-op designator (capital base only) | 0.000000 | 0.000000 | 0.000000 | 0.000000 |
| Small business designator (capital base only) | 0.000000 | 0.000000 | 0.000000 | 0.000000 |

- For tax years beginning on or after January 1, 2022, and before January 1, 2023, the metropolitan transportation business tax (MTA surcharge) rate for Article 9-A taxpayers is 30%.

New items for tax year 2022

New forms supported in XML format

| Form number | Form title |
|-------------|--|
| CT-656 | Grade Number 6 Heating Oil Conversion Credit |
| CT-657 | COVID-19 Capital Costs Credit |
| CT-658 | Additional Restaurant Return-to-Work Credit |

Forms CT-656, CT-657 and CT-658 will allow multiple credit forms per return.

NYS requires all software developers to support the following forms for electronic filing in XML format:

| | | | | | |
|--------|----------|--------|--------|--------|--------|
| CT-3.1 | CT-3.2 | CT-3.3 | CT-3.4 | CT-60 | CT-222 |
| CT-225 | CT-225-A | CT-227 | CT-300 | CT-400 | |

- Forms CT-300 and CT-400 are no longer supported for paper processing.
- All CT extensions (except Form CT-5.1) are no longer supported for paper processing.

Authorized person information

Starting with tax year 2021, all authorized person information fields will be required for Forms CT-3REF, CT-3AREF, CT3A/BC, CT-3S, CT-33, CT-33A, CT-33NL, CT-33C, CT-183, CT-184, CT-186E, and CT-13:

- AUTHOFCR_FRST_NAME
- AUTHOFCR_LAST_NAME
- AUTHOFCR_TTLE_DES
- TP_EMAIL_ADR
- AUTH_PH_NMBR
- AUTH_OFRCR_SGN_DT

New and discontinued modification codes for Forms CT-225 and CT-225-A

CT-33 and CT-33-A Filers:

Addition code A-601, *Include the amount deducted from federal gross income on federal Form 1120-PC as a result of IRC section 847(1). (§1503(b)(2)(S)) (CT-33 filers only)* Subtraction code S-603, *Include the amount included in federal gross income as a result of IRC sections 847(5) and 847(6). (§1503(b)(1)(P)) (CT-33 filers only)*

CT-33 filers only:

Addition code A-605, *Deductions attributable to IRC section 965 (a) inclusion amount*
Subtraction code S-605, *IRC section 965(a) inclusion amount*

The following modification code has been added for Tax Year 2022, for CT-3, CT-3-S, and CT-3-A filers:

Modification code S-220, *Deductions related to the production and distribution of adult use cannabis products*

The following instructional changes have been made to Form CT-225-A:

Modification code A-510 for CT-225-A filers has been restricted to apply **only** to CT-3-A or CT-33-A filers that have a combined member that is a captive REIT, or to CT-3-A filers that are a non-captive REIT filing with its Qualified REIT Subsidiary.

Modification Codes A-605 and S-605 have been restricted to apply **only** to CT-33-A filers that have a captive REIT as a member of their combined group

Form CT-227, New Voluntary Contributions:

- Retired and Rescued Thoroughbred Race Horse Aftercare
- Retired and Rescued Standardbred Race Horse Aftercare
- Gift for Lyme and Tick-Borne Diseases Education, Research, and Prevention

Requirement for the reporting of no receipts (Article 9-A)

If you are filing Form CT-3 or CT-3-A, and have no receipts to be reported in Part 6, column B, or filing Form CT-3-S and have no receipts to be reported in Part 3, column B, then you must select the checkbox located at the beginning of each respective part indicating **no receipts**. If you mark the box, you must attach a statement explaining why you have no receipts required to be included in the business apportionment factor. Failure to do so may result in the calculation of a 100% business apportionment factor.

Requirements for combined filers (Article 9-A)

The designated agent of a combined group must submit Form CT-3-A, including the aggregate tax computation for the group. All members of the combined group, except the designated agent, must also separately file Form CT-3-A/BC, which provides tax computation and identifying information about the corporations included in the combined group. Your tax software is designed to submit the complete combined filing as one package. When submitting any combined filings, be sure that all returns are qualified to be submitted, and that all have been simultaneously transmitted to NYS.

Other important reminders for combined filers

- The designated agent (Article 9-A), or parent (Article 33), of a new or existing combined group will file one Form CT-5.3 to request a six-month extension of time to file for all corporations included in the combined group. However:
- Each taxpayer member corporation of a new combined group must also file a separate Form CT-5 to extend the time to file for the first period for which the new combined group files a combined return.
- Each taxpayer member corporation being newly added to an existing combined group must also file a separate Form CT-5 to extend the time to file the return for the first period for which they are included in the combined group's return

10 business-day rule

This rule relates to the application of software updates, and applies to **all** software developers. The requirement, which was implemented by most other states, mandates that *users/customers of desktop products who attempt to e-file 10 or more business days after a production release will be required to download and apply the product update*. This new requirement is intended to reduce the error rate of returns filed without the latest updates, as well as to ensure a more consistent standard throughout the software industry.

Guidelines for address entries

Important note

The address provided in the NYS DTF address fields will be used by NYS DTF for mailing purposes. Therefore, it is imperative that this address be complete and accurate. In addition, the NYS DTF address fields must be

present on any NYS tax return displayed to or printed by the filer.

Corporation tax mailing addresses will be updated based on the address submitted with each return submission.

Software developers are required to add instructional language to the software programs to highlight this. - *Please review your address for accuracy, the address you submit will be utilized for all future Corporation Tax correspondence.*

The E-Standards (formerly TIGERS) ReturnHeaderState schema allows 35 characters in their address line-1 and line-2. However, the NYSDTF address line-1 and line-2 each have a 30-character limit. NYSDTF uses MAIL_LN_2_ADR as the primary address line, and MAIL_LN_1_ADR to capture any address data overflow from MAIL_LN_2_ADR followed by In Care Of Name (In Care of Name should be omitted if there is not enough space). The address overflow should not simply cut off at character position 30 and overflow the remaining characters to MAIL_LN_1_ADR; the overflow data must be a logical unit, for example, overflow *APT 5A* instead of *APT* on one line and *5A* on another.

Mapping of E-Standards address to NYSDTF address

| <u>E-Standards address</u> | <u>NYSDTF address</u> |
|----------------------------|-----------------------|
| <AddressLine1Txt> | < MAIL_LN_2_ADR> |
| <AddressLine2Txt> | < MAIL_LN_1_ADR> |
| <InCareOfNm> | < MAIL_LN_1_ADR> |

Example 1 (Street address can fit into one line for E-Standards, but not for NYSDTF. Allowable to capture it on one or two E-Standards lines, but must be in two lines for NYSDTF.)

6789 INTERNATIONAL BLVD UNIT 2765 (33 characters)

E-Standards address:

<AddressLine1Txt>6789 INTERNATIONAL BLVD UNIT 2765

or

<AddressLine1Txt>6789 INTERNATIONAL BLVD

<MAIL_LN_2_ADR>1234 BROADWAY

Example 4 (in care of name)

C/O JOHN SMITH

1234 BROADWAY APT 5A

E-Standards address fields:

<InCareOfNm>C/O JOHN SMITH

<AddressLine1Txt>1234 BROADWAY APT 5A

NYSDTF address fields:

<MAIL_LN_1_ADR>C/O JOHN SMITH

<MAIL_LN_2_ADR>1234 BROADWAY APT 5A

Foreign addresses

Canadian address must be captured as follows:

MAIL_LN_1_ADR: to capture any address data overflow from MAIL_LN_2_ADR, followed by In Care Of Name (if applicable)

MAIL_LN_2_ADR: enter street address

MAIL_CITY_ADR: enter city/town as applicable

MAIL_STATE_ADR: enter province MAIL_ZIP_5_ADR: enter the first 3 characters of the ZIP code

MAIL_ZIP_4_ADR: enter characters 4-6 of the ZIP code

MAIL_CNTRY_CD: enter CA

Example 1

690 RUE SHERBROOKE O, MONTREAL, QC HCA 1E9, CANADA

NYSDTF address fields:

<MAIL_LN_1_ADR>

<MAIL_LN_2_ADR>690 RUE SHERBROOKE O

<MAIL_CITY_ADR>MONTREAL

<MAIL_STATE_ADR>QC

<MAIL_ZIP_5_ADR>HCA

<MAIL_ZIP_4_ADR>1E9

<MAIL_CNTRY_CD>CA

A non-Canadian foreign address must be captured as follows:

MAIL_LN_1_ADR: to capture any address data overflow from MAIL_LN_2_ADR, followed by In Care Of Name (if applicable)

MAIL_LN_2_ADR: street address followed by foreign postal codes

MAIL_CITY_ADR: enter city/town as applicable

MAIL_STATE_ADR: must be blank, do not transmit

MAIL_ZIP_5_ADR: must be blank, do not transmit

MAIL_ZIP_4_ADR: must be blank, do not transmit

MAIL_CNTRY_CD: enter the appropriate foreign country code

Example 1

64 RUE DE LA VERRERIE, 75004 PARIS, FRANCE

NYS DTF address fields:

<MAIL_LN_2_ADR>64 RUE DE LA VERRERIE 75004

<MAIL_CITY_ADR>PARIS

<MAIL_CNTRY_CD>FR

General information

Elimination of the corporation opt-out for e-filing

NYS has eliminated the corporation opt-out and reasonable cause record for e-filing corporation tax documents. Form TR-800-CT has been obsoleted since tax year 2010 and should not be included in any software package. Taxpayers can no longer elect to not file their tax documents electronically. Tax preparers are subject to a \$50 penalty for each tax document that is not filed electronically unless it is due to reasonable cause and not due to willful neglect. Reasonable cause will be considered on a case-by-case basis.

E-file mandate information

If you're a [tax return preparer](#), you're subject to the e-file mandate if you:

- prepared at least one [authorized tax document](#) for more than 10 different taxpayers during calendar year 2022, and
- will use [tax software](#) to prepare one or more authorized tax documents in 2023;
or
- were previously mandated to e-file (once you're subject to the mandate, it continues to apply to you in all following years, even if you no longer meet the threshold).

For more information regarding [Who the e-file mandate applies to](#) visit our website. If returns are not filed and paid electronically when required, the Tax Department can impose penalties on the preparer.

Applicable penalties for failure to Web File or e-file a tax document approved for electronic filing

A \$50 penalty applies for each tax document that a tax document preparer fails to e-file, unless there is reasonable cause for not doing so.

Note: Any overpayment claimed on a **paper** tax document that was **required** to be **electronically filed** will not be eligible to receive interest until the document is filed electronically.

How to comply with the mandate

NYS corporation tax documents

You can use approved software to e-file your NYS corporation tax documents. If your software does not support e-file, you **must** get approved e-file software. You will need to have an electronic filer identification number (EFIN) issued by the IRS and be authorized to e-file the equivalent federal tax documents.

- You **must** e-file extensions for Articles 9, 9-A, 13, and 33, even if the subsequent return cannot be e-filed.
- You **must** provide e-file corporation tax return transaction detail. Enter each transaction into the software, import the data if your software allows it, or transmit a portable document format (PDF) attachment that includes the detail with the e-filed return.
- We do not support the e-filing of certain corporation tax returns and required attachments. However, you **must** still e-file the extension for those returns.

You may also Web File corporation tax extensions and estimated tax payments by creating an Online Services account.

Exclusions from New York State corporation tax e-file

NYS DTF follows the IRS guidelines for MeF exclusions (refer to IRS Publication 4164). In addition to the IRS guidelines, NYS tax documents meeting some of the following criteria may **not** be e-filed with New York State:

- an MTA return, credit form, or attachment filed without a main return (that is Form CT-3, CT-3-S, CT-3-A, CT-33, CT-33-NL, CT-33-A, CT-183, CT-184, or CT-186-E); and
- returns filed for a tax liability period beginning **prior** to January 1, 2020.

Tax document preparers and software companies not to charge separately for NYS e-file services

NYS enacted legislation under Tax Law § 34 that makes it unlawful for a tax document preparer or software company to charge a separate fee for the electronic filing of authorized NYS tax documents. This also applies to charging a fee to e-file an amended return.

It is also unlawful for software companies to offer a version of its tax software that charges a separate fee for the electronic filing of authorized NYS tax documents and one version of the same tax software that does not charge.

Any tax document preparer or software company who violates this policy will be liable for a civil penalty of \$500 for the first violation and \$1,000 for each succeeding violation.

Participation requirements

Requirements to participate in the corporation tax e-file program

Tax preparers **must** have a valid EFIN issued by the IRS. Return transmitters must have a valid Electronic Transmitter Identification Number (ETIN) issued by the IRS. To obtain an EFIN or ETIN, you **must** apply and be accepted as an authorized IRS e-file provider by the IRS. A separate corporation tax e-file application is not required for New York State.

For more information on the application process, refer to Publication 3112, *IRS e-file Application and Participation*. The quickest way to receive an EFIN or ETIN is to apply online. For more information, see [E-file Provider Services](#).

Note: Although NYS does not require preparers to submit an application for our e-file program, NYSDTF does require certain tax preparers to register and obtain a New York Tax Preparer Registration Identification Number (NYTPRIN). For more information, see [Tax preparer registration](#).

Who can participate in e-file

Tax professionals and transmitters authorized to e-file federal corporate tax documents who are using software approved by the IRS and NYS Tax Department can e-file New York Article 9-A, 13, 33, and some Article 9 corporation tax documents. Corporations (self-filers) acting as EROs can prepare and e-file the documents themselves without going through a paid preparer.

Responsibilities of e-filers

All participants in the NYSDTF program **must** comply with the procedures, requirements, and specifications in IRS Publication 3112, *IRS e-File Application and Participation*; IRS Publication 4164, *Modernized e-File Guide for Software Developers and Transmitters*; NYSDTF Publications 115, *Corporation Tax Modernized E-File Handbook for Software Developers*, and this publication.

Responsibilities of all tax document filers

All filers **must** use IRS and NYSDTF approved tax software.

Corporate self-filers

All of these filers **must**:

- enter the name of the person completing the document and certify to NYSDTF that the data is true, correct, and complete; and
- authorize any electronic payment that is included in the filing.

Authorized EROs

All EROs **must** include ERO identification on the return if the software is used by the ERO.

- They **must** also complete the paid preparer information as follows (if applicable):
 - preparer's name;
 - firm's name (or preparer's name if self-employed);
 - address;
 - preparer's NYTPRIN or NYTPRIN exclusion code (as applicable);
 - preparer's tax identification number (PTIN) (or social security number [SSN] if preparer does not have a PTIN);
 - firm's EIN; and
 - preparer's signature.
- Have the authorized corporate officer sign Form TR-579-CT, *New York State E-File Signature Authorization for Tax Year 2022, For Certain Corporation Tax Returns and Estimated Tax*, which is a NYS signature authorization form for the tax year being filed and retain this form for a period of three years. Do **not** submit Form TR-579-CT to NYSDTF unless requested to do so. Do not use this form when e-filing extensions.
- If there is an electronic payment being made with an extension, have the authorized corporate officer sign a Form TR-579.1-CT, *New York State Authorization for Electronic Funds Withdrawal For Tax Year 2022 Corporate Tax Extensions*, which is a NYS signature authorization form for the tax year being filed, and retain this form for a period of three years. Do **not** submit Form TR-579.1-CT to NYSDTF unless requested to do so.
- Furnish the taxpayer with documentation of all e-filed forms and schedules.
- Not charge a customer an additional amount for e-filing of a NYSDTF tax document.

Tax practitioner responsibilities

Safeguarding data

All tax professionals should be aware that they are potential targets of cybercriminals seeking access to client data for fraudulent purposes, including to file fraudulent tax returns for refunds. NYS requires that tax professionals protect all data during collection and storage that may be obtained in the preparation of taxpayer returns. Protect yourself and your clients by taking a few critical steps:

- Assess the risks to sensitive information in your office.
- Always use robust security software for all computers and devices, and routinely perform deep scans to identify any malware/virus infections.
- Require the use of strong passwords to access computers and client files.
- Learn to recognize and avoid phishing email schemes.
- Evaluate what data used in completing tax returns you need to retain for the future, retain only what's essential, and protect what you retain.

- Monitor, evaluate, and adjust your security measures as your business or circumstances change.

In addition, NYS strongly encourages you review and implement the best practices outlined in IRS Publication 4557, [Safeguarding Taxpayer Data](#).

Penalties

New York State Tax Law §§ 202.1, 211.8, 1518, and 1825 prescribe penalties for violation of confidentiality of taxpayer information requirements. For information about violation penalties on tax document preparers, see §§ 1085(s) and 1085(l).

Advertising standards

An authorized IRS e-file provider must comply with the advertising and solicitation provisions of 31 Code of Federal Regulations (CFR) Part 10 (Treasury Department Circular No. 230). This circular prohibits the use or participation in the use of any form of public communication containing a false, fraudulent, misleading, deceptive, unduly influencing, coercive, or unfair statement or claim. A provider **must** adhere to all relevant federal, state, and local consumer protection laws that relate to advertising and soliciting.

The guidelines in the IRS revenue procedure **must** be followed for the NYS program as though references to *Internal Revenue Service* and *Service* were references to the *New York State Department of Taxation and Finance*, *New York State*, or the *State*; and references to the *Financial Management Service* or *Treasury Seals* were references to the *State of New York Seal*. See IRS Publication 3112, [IRS e-file Application and Participation](#).

Compliance requirements

Tax practitioners must:

- Provide instructions to guide taxpayers in fulfilling their signature requirements. Tax practitioners **must** ensure that their software enables the printing of Form TR-579-CT, *New York State Authorization for Electronic Funds Withdrawal for Tax Year 2022 Corporation Tax Extensions* (for Forms CT-5, CT-5.3, CT-5.4, CT-5.6, CT-5.9, and CT-5.9-E).
- Maintain completed Forms TR-579-CT and TR-579.1-CT for three years.
- Ensure that their software supports electronic payment options and any electronic funds withdrawal information – payment effective date and routing and account numbers.
- Ensure their software supports the printing of the tax document and all supporting forms for the corporation's records so the corporation can, if the document cannot be e-filed, mail the document to the NYS Tax Department. See Publication 76, [Specifications for Reproduction of New York State Corporation Tax Forms](#), regarding printing substitute forms.

Internal Revenue Service e-file publications

- **Publication 3112**, [IRS e-file Application and Participation](#), contains information about the roles of software developers, transmitters and electronic return originators. IRS has standardized the information for all *e-file* programs.
- **Publication 4163**, [Modernized e-File Information for Authorized IRS e-file Providers for Business Returns](#), contains specific information applicable to 1120, 1120S, and 7004 e-file programs only.
- **Publication 4164**, [Modernized e-File Guide for Software Developers and Transmitters](#), contains the communication procedures, transmission formats, business rules and validation procedures to be used by software developers and transmitters to develop software for filing electronic 1120/1120S returns and 7004 extensions.
- **Publication 5078**, [Modernized e-File \(MeF\) Test Package Business Submissions \(ATS\)](#), contains the instructions for Software Developers and transmitters to use for assurance testing system(ATS) of 1120/1120S.

IRS MeF Fed/State Program

NYSDF supports *linked* and *unlinked* state returns. A state submission can be linked to the IRS submission by including the submission identification (ID) of the federal return in the state manifest. If the state submission is *linked* to an IRS submission (also referred to as a *Fed/State return*), the IRS will check to see if there is an accepted IRS submission under that submission ID. If there is not an accepted federal return, the IRS will deny the state submission and a deny acknowledgement will be sent. In this case, NYSDTF will **not** know that the transmitter has sent a state submission to MeF.

If there is an accepted federal return under that submission ID, then MeF will validate certain elements on the state submission. If the IRS does **not** deny the state return, it will provide the state submission to NYSDTF.

If the state return is *unlinked* to a previously accepted federal return (also referred to as a *State Stand-alone Return*), then MeF will validate certain elements of the submission. If IRS does not deny the state return, it will provide the State submission to NYSDTF regardless of the federal return.

If you have any questions, check with your tax preparation software provider.

Acknowledgement system

All transmitted tax documents received by NYSDTF will generate a submission receipt and an acceptance or rejection acknowledgement to the IRS for every NYSDTF tax document received. The submission receipt indicates that the transmission was received by NYSDTF and an acknowledgement indicates whether the tax document has been accepted or rejected.

An **accepted** acknowledgement record transmitted in extensible markup language (XML) schema format indicates the tax document was received and has successfully completed the transmission validation process. A **rejected** acknowledgement indicates the tax document will not be processed by NYSDTF and the tax document should be resubmitted within the perfection period.

Perfection period for NYSDTF rejected tax document

If a tax document is rejected by NYSDTF due to an error, there is a seven-day transmission perfection period to perfect that tax document for electronic retransmission. To receive the benefit of the seven-day perfection period the corrected resubmission **must** contain, in the field named ORIG_SBMSN_ID, the original submission ID of the rejected tax document that occurred within that seven-day period. When a previously rejected electronic tax document is *Accepted* by NYSDTF within the seven-day transmission perfection period, it will be deemed to have been received on the date of the first reject that occurred within that seven-day period.

MeF IRS receipt

MeF will create a *receipt* for transmitters for every state submission received.

State receipt and acknowledgment

If the state submission is not denied by MeF, NYSDTF will retrieve the state submission from MeF, and immediately send a submission receipt back to MeF. NYSDTF will then validate the XML data and apply the initial validation rules to the tax document, and an acknowledgment (indicating accept or reject) will be sent back to MeF within three business days. The ERO may retrieve the transmission receipt and/or acknowledgment from the IRS.

An accepted acknowledgement record transmitted in XML schema format indicates the tax document and

payment (if applicable) was received and has successfully completed the initial validation process. The acknowledgment does not indicate the tax document has completed processing through all business rules. In addition, it does not ensure that NYSDTF will pay a refund as requested.

A rejected acknowledgment indicates the tax document has failed to complete the initial validation process. A rejection acknowledgement will contain error codes indicating the cause of the rejection. A list of the pre-entry validation error codes has been provided in the *Error Categories – Business Rules* section of this publication. If an electronic acknowledgement has not been received within 3 business days for a successfully transmitted tax document, the ERO/Preparer should contact their NYS e-file liaison for further instructions.

Note: It is the responsibility of the ERO/Preparer to ensure that every tax document filed electronically is acknowledged as *Accepted*.

Processing delays

NYSDTF will make every effort to process an e-filed tax document once an accepted acknowledgement is issued. However, the tax document may require manual review if exceptions are encountered when it processes through all the business rules.

Payment handling and acceptance

Paying a balance due

NYS allows three options to pay e-filed corporation tax documents:

- ACH debit included with the document data when the document is e-filed
- ACH credit initiated by the taxpayer through their own bank
- by check or money order using Form CT-200-V, *Payment Voucher for E-Filed Corporation Tax Returns and Extensions*

International ACH transactions (IAT)

NYS will **not** support IAT. A tax filer making an ACH payment should be presented with the following question by their software: *Will the funds for this payment originate from a financial institution outside the United States?*

If the filer indicates that payment is an IAT, they should be instructed to e-file the document and submit their payment with a Form CT-200-V. Any document that is e-filed with a known IAT will be rejected.

ACH debit

The information necessary to initiate the ACH debit must be included with the filing data when the document is filed. Filers can indicate a payment date up to and including the due date of the tax document. Filers using Form CT-400, *Estimated Tax for Corporations* can indicate a payment date up to and including the installment due date of the estimated payment. Partially paid or unpaid liabilities on an e-filed document will be billed when the document is processed. A balance due on an e-filed extension will **not** be billed and **must** be paid in full when the extension is filed to avoid interest and penalties from being assessed and to ensure the extension is valid. An unpaid extension will be considered invalid and will result in assessed interest and penalty when the return is filed. Returns can be submitted with full payment, partial payment or no payment. Any balance due will be billed when the return is fully processed. The taxpayer may specify an electronic funds withdrawal date. The date specified by the taxpayer is the earliest date the electronic funds withdrawal will be debited from the specified account. This payment option is available through the end of the e-file season.

Note: If a payment date falls on a weekend or bank holiday, the payment will be withdrawn the next business day.

Preparers and EROs must stress to taxpayers the importance of supplying correct information because the routing transit number and bank account number may not be changed once a tax document has been transmitted and accepted.

Revocation of authorization of an ACH debit payment

If a filer determines that the payment information submitted is incorrect, they may revoke the authorization for payment only by contacting the NYS DTF no later than two business days prior to the payment date. To cancel a payment made electronically, the taxpayer **must** call NYS DTF at least **two** business days prior to the scheduled payment date at 518-457-6387. If we have reached the payment date or it is less than **two** days prior to the payment date, the taxpayer **must** contact their bank to cancel the payment. A scheduled payment can also be canceled using our Online Services on the NYS DTF website.

The following information should be present for tax documents containing ACH debit payments:

- BANK_ACCT_NMBR (bank account number)
- ABA_NMBR (bank routing number)
- ACCT_TYPE_CD (account type: 1 = checking, 2 = savings)
- ELC_AUTH_EFCTV_DT (requested settlement date)
- TOT_PYMNT_AMT (total payment amount)
- ACCT_HLDR_TYPE_IND (1 = business, 2 = personal)
- IAT_IND (1 = International ACH Transaction (IAT), 2 = no IAT)

ACH debit block information

Debit blocks protect your bank account from unauthorized electronic charges.

Before a taxpayer completes a transaction, they should contact their bank to find out if there is a debit block (or filter) on their account. This could prevent the bank from processing their payment. If there is a debit block, they will need to provide the bank with the authorization information listed below for NYS DTF corporation tax payments. The company ID and name for corporation tax are listed below.

| Tax payment type | Company ID and name |
|-------------------------|-----------------------|
| Corporation tax (efile) | G146013200 NYS DTF CT |

If the authorization information is not provided, the bank could reject the payment. In this case, the taxpayer may receive a bill from the Tax Department for the amount due, including penalty and interest.

For more information, see [ACH debit block information](#)

ACH credit

Taxpayers may pay for their electronically filed corporation tax documents by ACH credit. The taxpayer must initiate the ACH credit through their bank or financial institution, which then sends the payment to NYS DTF. For the payment to be considered timely, it is the responsibility of the taxpayer to ensure that the payment is processed and received by NYS DTF prior to the due date.

To obtain the Tax Department bank account number for corporation tax ACH credit payments and for more information on ACH credit processing, see [Corporation tax ACH credit CCD+ format](#).

Payment voucher

Starting with TY2010 tax documents, NYS DTF supports Form CT-200-V.

E-filers may use Form CT-200-V to mail in a check or money order to make payments for their e-filed tax documents. Form CT-200-V should **only** be used to make payments for e-filed tax documents and is **not** to be used to send in a payment for any paper-filed tax documents. Software **must** limit the printing of the voucher to

documents that are e-filed by the customer.

Form CT-200-V should be able to be created at the time the software user completes entering their tax document information. Should they choose to mail in a check or money order to make their payment, the software should include instructions to print out the form and mail it in along with their payment. The software must populate all fields, except the amount of the payment. The software user should verify that the correct form type, which the payment is for, is properly marked (that is, a return, an extension, or a mandatory first installment).

Form CT-200-V should be sent to NYSDTF with the enclosed payment and nothing else attached. There is no need to write any additional information on the form, attach a copy of the tax document, or attach a letter of explanation. The effective date of the payment will be the postmark date, if the payment is postmarked on or before the due date. If it is postmarked after the due date, the effective date of the payment will be the date it is received.

Fee for payments returned by banks

The law allows the Tax Department to charge a \$50 fee when a check, money order, or electronic payment is returned by a bank for nonpayment. However, if an electronic payment is returned as a result of an error by the bank or the department, the department will **not** charge the fee. If a payment is returned, we will send a separate bill for \$50 for each return or other tax document associated with the returned payment.

Common questions about an electronic funds withdrawal (direct debit)

How is an electronic funds withdrawal (EFW) initiated?

The tax preparer/ERO and the corporate officer will authorize an EFW through the tax preparation software being used by providing the necessary information to initiate the EFW. The software must support electronic payment options and the required EFW information which includes:

- payment effective date
- payment amount
- IAT indicator
- routing number (The routing number is the nine-digit number located at the bottom of the check)
- account number
- type of account
- personal or business account

What information is needed to make an electronic funds withdrawal payment and how is the information used once the tax document is e-filed?

Both the bank account and the routing transit numbers of the financial institution the withdrawal is being made from are required to make the payment. This information cannot be changed once the tax document has been transmitted and accepted. Also required are the date the payment is to be debited, the payment amount, the type of account, whether it is personal or business account, and the IAT indicator information. If a tax document is e-filed before the due date, a payment date up to and including the due date of the tax document may be specified. If a tax document is e-filed on or after the due date, the EFW date **must** equal the file date. If a tax document is e-filed before the due date, the specified payment amount will be debited from the account on the date specified, or the due date of the tax document, if the specified date is later. If the tax document is e-filed after the due date authorizing an EFW, the EFW will be processed on the date the e-filed tax document is accepted.

Note: If a payment date falls on a weekend or bank holiday, the payment will be withdrawn the next business day.

The EFW information provided will be used only for the one tax payment authorized.

Will a partial payment be accepted?

Yes, partial payment will be accepted. However, the corporation will be billed for the remaining amount owed, including interest and penalties. In addition, the payment amount cannot be greater than the balance due amount on the tax document. Extensions **must** be *paid in full* or they will be considered invalid. Extensions are a request for late filing, **not** late payment.

If the electronic funds withdrawal option with delayed payment is chosen, what assurance is given that the money will not be withdrawn sooner?

If a tax document is e-filed before the due date, the specified payment amount will be debited from the account on the date specified, or the due date of the tax document, if the specified date is later. If the return is e-filed after the due date authorizing an EFW, the EFW will be processed on the date the e-filed tax document is accepted.

Note: If a payment date falls on a weekend or bank holiday, the payment will be withdrawn the next business day.

Can an electronic funds withdrawal be made after the due date?

An authorized EFW will be accepted with a tax document. If the tax document is e-filed after the due date, the authorized EFW will be processed at the time the tax document is accepted.

What will the tax preparer/corporate officer receive from NYS as confirmation of the EFW payment?

The confirmation is the copy of the e-filed tax document that includes the electronic funds withdrawal authorization and the bank statement that includes a *NYS Tax Payment* line item.

What if later I want to change my designated payment date or cancel my payment?

Once the e-filed return is accepted, the designated payment date cannot be changed. However, the filer may revoke the authorization for payment only by calling NYSDTF at 518-457-6387, at least two business days prior to the scheduled payment date. If we have reached the payment date or it is less than two days prior to the payment date, the taxpayer must contact their bank to cancel the payment. A scheduled payment can also be canceled through Online Services for corporation tax.

Forms supported for TY2022 corporation tax e-file

If a credit form or attachment is supported by NYS e-file in XML format, it is **required** to be submitted in XML format **only**. If the credit form or attachment is sent as a PDF attachment, the e-filed return will be accepted, however, the credit form will **not** be processed. This will cause hardship for your clients, as it may cause a delay in their filing and processing of their refunds. If your software does not support the credit form in XML format, the tax return will need to be paper filed.

NYSDTF allows only one instance of Form CT-222 in XML format with Form CT-186-E. If it is necessary to file an underpayment of estimated tax for both NYS and MTA taxes, include one instance in XML format and the other as a PDF attachment (see *Attaching non-XML documents (PDF attachments)*).

Duplicate submission

To submit an amended return and pay additional money owed and to avoid the return rejecting for duplicate submission, the payment amount cannot be the exact amount that was originally submitted. If no additional money is owed on the amended return; a payment should **not** be submitted. Claim the original payment amount as a prepayment on the amended return.

Forms CT-225 and CT-225-A

If an amount is claimed, verify that the correct modification number is entered in the <modInfo> repeating schedule. Also verify that the modification number applies to your form. For Form CT-225, use the quick reference guide provided on the last pages of Form CT-225-I, *Instructions for Form CT-225*. For Form CT-225-A, if a modification number only applies to either Form CT-3-A or CT-33-A, it will be noted as such for each applicable modification number in Form CT-225-A-I, *Instructions for Form CT-225-A*. Incorrect and blank modification

numbers can result in rejection of the submission. For information on how to avoid common Article 9-A corporation tax filing errors, visit [Tax tips for avoiding common filing errors for general business corporations](#).

Forms CT-300 and CT-400

NYS allows the use of both *CORPEP* and *CORP* as the *SubmissionCategoryCd* in the manifest.

If the Submission Category in the State Submission Manifest has a value of *CORPEP* then *TaxYr* in the State Submission Manifest must be the same as the processing year.

If the Submission Category in the State Submission Manifest has a value of *CORP* then *TaxYr* in the State Submission Manifest must be valid for the current or prior year returns that are being accepted by MeF.

Form TR-573-CT, You must file this New York State corporation tax return electronically

This form reminds individual corporations and paid preparers to electronically file. Form TR-573-CT **must** be displayed and printed for online (self-prepared) software and professional software when the taxpayer does not select to e-file the return.

Form CT-2, Corporation Tax Return Summary

If an individual corporation or a paid preparer does **not** meet the requirements to e-file, a software-generated Form CT-2 **must** be included with the paper return to ensure the return is considered processible.

Key Online services

Several resources on our website may directly benefit your NYS tax professional customers—but we need your help. Your products serve most tax professionals, and your participation is essential to guiding them to the best possible information on our site.

Together, we can better equip tax professionals to:

- properly and accurately complete their clients' returns, and
- communicate directly with the Tax Department after filing.

Review the resources below and let us know how you can include them in your software. Your input is vitally important to us; as software developers, you are representatives for the voices of New York State's tax professionals.

Corporation tax resource center

Clients can find all the resources they need to maintain their business information, comply with filing requirements, and manage their corporation status with New York State. For more information, visit [Corporation tax resource center](#).

View the payment and filing history for a business online

Before filing their tax return, every client should review their tax account balance in their Online Services account. Verifying their account balance will avoid discrepancies and prevent delays in processing their return.

Each client can also view a comprehensive summary of their previously filed returns, including corporation, sales, fuel, and withholding tax returns. For more information, visit [View the payment history for your business in Online Services](#) and [View the filing history for your business in Online Services](#).

Change a business address or phone number online

Every client with a Business Online Services account can update their business address and phone number

online using the department's *Business change of address* online service. For more information, visit [Change my address](#).

File a power of attorney online

If your client needs you or another individual to obligate, bind, or appear on their behalf for tax matters, they may need to file a power of attorney. The fastest way to file Form POA-1, *Power of Attorney*, is online through an Online Services account. For information and instructions, visit [Power of attorney and other authorizations](#) and [Form POA-1, Power of Attorney](#).

Common corporation tax filing errors

For tips on how to prevent mistakes on corporation tax returns, see [Tax tips for avoiding common filing errors for general business corporations](#). Common errors may result in bills for additional tax, penalty, and interest.

Signature requirements for e-filed corporation tax documents

NYSDTF has adopted signature requirements for self-filers and EROs/ Preparers and no longer utilizes the scanned forms Option or the preparer personal identification (PIN) option. Software developers will present different language to self-filers and ERO/Preparers. The language will be followed by a checkbox that will be required to be checked before an extension with full payment or a return may be e-filed.

Signature requirements for returns e-filed by ERO/preparers

Electronic signatures may be used by taxpayers on Forms TR-579 and TR-579.1. If taxpayers use an electronic signature, the software and the ERO must be able to verify the taxpayer's identity. For acceptable electronic signature technologies and additional requirements, see [Technical Memorandum TSB-M-20\(1\)C, \(2\)I](#). Taxpayers using a tax return preparer or other electronic return originator (ERO) to electronically file their return are required to sign and date Form TR-579-CT, in order to authorize electronic filing. This authorization occurs after reviewing their return and ensuring the return information on Form TR-579 matches the information on the return. The taxpayer must return the completed Form TR-579 to the ERO and may do so by electronic means (for example, by fax or email). It is not required that the software provide a hard copy of the certification to the filer, only that it be displayed to the filer for each e-filed return and estimated tax payment. The taxpayer and the ERO/preparer must both sign Form TR-579-CT. Form TR-579-CT establishes that the taxpayer has reviewed their return and authorizes the e-filing of the return. If an electronic funds withdrawal (for payment of the amount owed on Form CT-3, CT-3-A, CT-3-M, CT-3-S, CT-13, CT-33, CT-33-A, CT-33-C, CT-33-M, CT-33-NL, CT-183, CT-183-M, CT-184, CT-184-M, CT-186-E, CT-300, or CT-400) was requested, Form TR-579-CT verifies that the taxpayer authorized the electronic funds withdrawal. The signed form must be retained for three years from the return due date or the NYS received date, whichever is later. EROs do not send any Form TR-579 to the NYSDTF unless the department request it. The ERO/preparer must also sign the return electronically by checking a box that indicates that they have read and agreed to the certification language.

Electronic return originator (ERO)/Preparer signature requirement for returns

This option includes creation of a signature Form TR-579-CT (see page 20). This form **must** be prepared by the ERO/Preparer and must be signed by both the taxpayer and the ERO/Preparer. In addition, the form must be retained by the ERO/Preparer for a period of three years and presented to NYSDTF if requested. The signing of the form establishes that the taxpayer has reviewed his or her tax document and authorizes the e-filing of the document; and if an electronic funds withdrawal has been requested, it verifies that the taxpayer has authorized the electronic funds withdrawal.

To complete the online signature process, certification language with a checkbox (shown below) will be presented to the ERO/Preparer who **must** check the box to allow the tax document to be electronically transmitted to NYSDTF. The language that will be displayed to the ERO/Preparer is as follows:

ERO/ Preparer certification and signature

I certify that I have prepared Form TR-579-CT, *New York State E-File Signature Authorization for Tax Year 2022*, signed by the authorized officer of the corporation, authorizing me to sign and file this return on behalf of the corporation. I further certify that all information provided on the return is true, correct and complete to the best of my knowledge and belief, and that I have provided a copy of this return to the corporation. If financial institution account information has been provided on the return, I certify that the corporation has agreed to payment of the amount indicated as due by electronic funds withdrawal; and that the corporation has authorized the NYSDTF and its designated financial agents to initiate an electronic funds withdrawal from the indicated account; and that the designated financial institution is authorized to debit the entry to the corporation's account. As New York does not support International ACH Transactions (IAT), I attest the source for these funds is from within the United States. I understand and agree that I may revoke this authorization for payment only by contacting the Tax Department no later than two (2) business days prior to the payment date.

By checking the box shown below, I understand and agree that I am electronically signing and filing this return.

I have read the certification above and agree

Purpose

Form TR-579-CT must be completed to authorize an ERO to e-file a corporation tax return and to transmit bank account information for the electronic funds withdrawal.

EROs/paid preparers must complete Part B prior to transmitting electronically filed corporation tax returns. Both the paid preparer and the ERO are required to sign Part B. However, if an individual performs as both the paid preparer and the ERO, he or she is only required to sign as the paid preparer. It is not necessary to include the ERO signature in this case. Note that an electronic signature can be used as described in TSB-M-20(1)C, (2)I, E-File Authorizations (TR-579 forms) for Taxpayers Using a Paid Preparer for Electronically Filed Tax Returns. Go to our website at www.tax.ny.gov to find this document.

General instructions

Part A must be completed by an officer of the corporation who is authorized to sign the corporation's return before the ERO transmits the electronically filed Form CT-3, General Business Corporation Franchise Tax Return; CT-3-A, General Business Corporation Combined Franchise Tax Return; CT-3-M, General Business Corporation MTA Surcharge Return; CT-3-S, New York S Corporation Franchise Tax Return; CT-13, Unrelated Business Income Tax Return; CT-33, Life Insurance Corporation Franchise Tax Return; CT-33-A, Life Insurance Corporation Combined Franchise Tax Return; CT-33-C, Captive Insurance Company Franchise Tax Return; CT-33-M, Insurance Corporation MTA Surcharge Return; CT-33-NL, Non-Life Insurance Corporation Franchise Tax Return; CT-183, Transportation and Transmission Corporation Franchise Tax Return on Capital Stock; CT-183-M, Transportation and Transmission Corporation MTA Surcharge Return; CT-184, Transportation and Transmission Corporation Franchise Tax Return on Gross Earnings; CT-184-M, Transportation and Transmission Corporation MTA Surcharge Return; CT-186-E, Telecommunications Tax Return and Utility Services Tax Return; CT-300, Mandatory First Installment (MFI) of Estimated Tax for Corporations; or CT-400, Estimated Tax for Corporations.

Do not mail this form to the Tax Department. EROs/paid preparers must keep this form for three years and present it to the Tax Department upon request.

Do not use this form for electronically filed Form CT-5, Request for Six-Month Extension to File (for franchise/business taxes, MTA surcharge, or both); CT-5.3, Request for Six-Month Extension to File (for combined franchise tax return, or combined MTA surcharge return, or both); CT-5.4, Request for Six-Month Extension to File New York S Corporation Franchise Tax Return; CT-5.6, Request for Three-Month Extension to File Form CT-186 (for utility corporation franchise tax return, MTA surcharge return, or both); CT-5.9, Request for Three-Month Extension to File (for certain Article 9 tax returns, MTA surcharge, or both); or CT-5.9-E, Request for Three-Month Extension to File Form CT-186-E (for telecommunications tax return and utility services tax return). Instead use Form TR-579.1-CT, New York State Authorization for Electronic Funds Withdrawal For Tax Year 2022 Corporation Tax Extensions.

Financial institution information (required if electronic payment is authorized)

1 Amount of authorized debit
2 Financial institution routing number
3 Financial institution account number

Part A - Declaration of authorized corporate officer for Form CT-3, CT-3-A, CT-3-M, CT-3-S, CT-13, CT-33, CT-33-A, CT-33-C, CT-33-M, CT-33-NL, CT-183, CT-183-M, CT-184, CT-184-M, CT-186-E, CT-300, or CT-400

Under penalty of perjury, I declare that I have examined the information on this 2022 New York State electronic corporate tax return, including any accompanying schedules, attachments, and statements, and certify that this electronic return is true, correct, and complete. If this filing includes Form DTF-686, Tax Shelter Reportable Transactions, as an authorized officer of the corporation, I hereby consent to the waiver of the secrecy provisions of Tax Law sections 202, 211.8, 1467, and 1518 as such provisions relate to the disclosure requirements of Tax Law section 25. The ERO has my consent to send this 2022 New York State electronic corporate return to New York State through the Internal Revenue Service (IRS). I understand that by executing this Form TR-579-CT, I am authorizing the ERO to sign and file this return on behalf of the corporation and agree that the ERO's submission of the corporation's return to the IRS, together with this authorization, will serve as the electronic signature for the return and any authorized payment transaction. If I am paying New York State corporation taxes due by electronic funds withdrawal, I authorize the New York State Tax Department and its designated financial agents to initiate an electronic funds withdrawal from the financial institution account indicated on this 2022 electronic return, and I authorize the financial institution to withdraw the amount from the account. As New York does not support International ACH Transactions (IAT), I attest the source for these funds is within the United States. I understand and agree that I may revoke this authorization for payment only by contacting the Tax Department no later than two business days prior to the payment date.

Part B - Declaration of ERO and paid preparer

Under penalty of perjury, I declare that the information contained in this 2022 New York State electronic corporate tax return is the information furnished to me by the corporation. If the corporation furnished me a completed paper 2022 New York State corporate tax return signed by a paid preparer, I declare that the information contained in the corporation's 2022 New York State electronic corporate tax return is identical to that contained in the paper return. If I am the paid preparer, under penalty of perjury I declare that I have examined this 2022 New York State electronic corporate tax return, and, to the best of my knowledge and belief, the return is true, correct, and complete. I have based this declaration on all information available to me.

ERO/Preparer signature requirement for extensions

This option includes creation of a signature Form TR-579.1-CT, *New York State Authorization for Electronic Funds Withdrawal for Tax Year 2022 Corporation Tax Extensions (Forms CT-5, CT-5.3, CT-5.4, CT-5.6, CT-5.9, and CT-5.9-E; see next page)*. The taxpayer must return the completed TR-579.1 to the ERO and may do so by electronic means (for example, by fax or email). The form must be retained by the ERO for a period of 3 years and presented to NYSDTF, if requested. The signing of the form establishes that the taxpayer has authorized the e-filing of the extension and verifies that the taxpayer has authorized the electronic funds withdrawal.

To complete the online signature process, certification language with a checkbox (shown below) will be presented to the ERO who must check the box to allow the tax document to be electronically transmitted to NYSDTF.

The language that will be displayed to the ERO is as follows:

ERO certification and signature

By checking the box below, I certify that I have prepared Form TR-579.1-CT, *New York State Authorization for Electronic Funds Withdrawal for Tax Year 2022 Corporation Tax Extensions (Forms CT-5, CT-5.3, CT-5.4, CT-5.6, CT-5.9, and CT-5.9-E)*, signed by the authorized officer of the corporation authorizing me to submit this extension on behalf of the corporation. I also certify that the authorized officer has agreed to payment, by electronic funds withdrawal, the amount indicated as due; and that the Authorized officer has authorized the NYSDTF and its designated financial agents to initiate an electronic funds withdrawal from the indicated account, and that the designated financial institution is authorized to debit the entry from the indicated account. As New York does not support International ACH Transactions (IAT), I attest the source for these funds is from within the United States. I understand and agree that I may revoke this authorization for payment only by contacting the Tax Department no later than two (2) business days prior to the payment date.

I have read the certification above and agree

New York State Authorization for Electronic Funds Withdrawal For Tax Year 2022 Corporation Tax Extensions

Electronic return originator (ERO): **Do not** mail this form to the Tax Department. Keep it for your records.

Purpose

This form is for use by EROs only. An ERO must complete this form when **both** of the following conditions are met:

- 1 the ERO is e-filing one of the following forms:
 - Form CT-5, *Request for Six-Month Extension to File (for franchise/business taxes, MTA surcharge, or both)*;
 - Form CT-5.3, *Request for Six-Month Extension to File (for combined franchise tax return, or combined MTA surcharge return, or both)*;
 - Form CT-5.4, *Request for Six-Month Extension to File New York S Corporation Franchise Tax Return*;
 - Form CT-5.6, *Request for Three-Month Extension to File Form CT-186 (for utility corporation franchise tax return, MTA surcharge return, or both)*;
 - Form CT-5.9, *Request for Three-Month Extension to File (for certain Article 9 tax returns, MTA surcharge, or both)*; or
 - Form CT-5.9-E, *Request for Three-Month Extension to File Form CT-186-E (for telecommunications tax return and utility services tax return)*; **and**
- 2 the balance due on the e-filed corporation tax extension is being paid by electronic funds withdrawal through an approved e-file software package.

Instructions

Complete this form only when you transmit an electronically filed corporation tax extension **and** payment is being made by electronic funds withdrawal.

Note that an electronic signature can be used as described in TSB-M-20(1)C, (2)I, *E-File Authorizations (TR-579 forms) for Taxpayers Using a Paid Preparer for Electronically Filed Tax Returns*. Go to our website at www.tax.ny.gov to find this document.

Important: You do not need to complete this form for corporation tax extension requests if no payment is required.

This form does **not** satisfy the signature requirement for e-filed Form CT-3, CT-3-A, CT-3-M, CT-3-S, CT-13, CT-33, CT-33-A, CT-33-C, CT-33-M, CT-33-NL, CT-183, CT-183-M, CT-184, CT-184-M, CT-186-E, CT-300, or CT-400.

Do not mail this form to the Tax Department. EROs must keep this form for three years and present it to the Tax Department upon request.

Taxpayer authorization for electronic funds withdrawal for corporation tax extensions

I authorize my ERO to transmit the information necessary for the New York State Tax Department to initiate an electronic funds withdrawal for the amount specified on this form from the financial institution account indicated below. I authorize the New York State Tax Department and its designated financial agents to initiate an electronic funds withdrawal from the financial institution account indicated on this 2022 electronic extension request, and I authorize the financial institution to withdraw the amount from the account. As New York does not support International ACH Transactions (IAT), I attest the source for these funds is within the United States. I understand and agree that I may revoke this authorization for payment only by contacting the Tax Department no later than two business days prior to the payment date.

Self-filer signature requirement for returns and extensions

Your software developer will supply the necessary pages for you to sign.

Attaching non-XML documents (PDF attachments)

All non-XML documents **must** be in PDF format. This includes, but is not limited to:

- tax forms
- pages with additional information from forms
- letters of explanation
- certificates

The PDF file **must** be included in the attachment folder of the submission ZIP file. Each individual PDF cannot exceed 60 megabytes uncompressed. For the accuracy of a document image, the resolution should be no more than 200 dots per inch (dpi). Do **not** password protect, encrypt, or in any way *document protect* PDF attachments submitted through MeF. For binary attachment submissions and guidelines, refer to IRS Publication 4164.

NYSDFTF allows two types of PDF attachments as follows:

- 1) tax forms (see page 19 for a list of tax forms that can be sent as PDF files)
- 2) supporting documentation

To create an attachment to comply with our tax instructions (for example, attaching a certificate, a summary sheet, or explanations) a separate *Binary Attachment XML document* must be created for each PDF being submitted.

The ERO or taxpayer (collectively, *filer*) can create the PDF file with any tool available. Follow your e-file software provider instructions.

To create the binary attachment XML document, the filer needs to name the PDF file and give a brief description of the contents of the file. The filer's software will create one binary attachment XML document for each PDF file included in the filing. There is a one-to-one relationship between the PDF file and the binary attachment XML document that describes it.

The filer provides the name of the PDF file including the extension and provides a brief description.

Additional information for PDF attachments

NYSDFTF requires the PDF file with the following naming convention using CamelCase (for example, Ct635CertOfTaxCredit.pdf). The table below consists of examples and is **not** a complete list of attachments.

| Form Attachment | Condition | PDF attachment name |
|-----------------|--|--------------------------|
| CT-40 | To submit CT-40 Claim for Alternative Fuels Credit | Ct40.pdf |
| CT-399 | To submit CT-399 Depreciation Adjustment Schedule | Ct399.pdf |
| DTF-622 | To submit DTF-622 Claim for QETC Capital Tax Credit | Dtf622.pdf |
| CT-635 | To submit a copy of your certificate of tax credit for Form CT-635 | Ct635CertOfTaxCredit.pdf |
| CT-638 | To submit a copy of your certificate of tax credit for Form CT-638 | Ct638CertOfTaxCredit.pdf |

Note: Approved e-file tax preparation software **must** provide the necessary instructions for creating, scanning, or exporting documents in PDF format and submitting these documents as attachments that are required by **NYSDFTF**.

Error categories - business rules

Business Rules are specific in identifying the location of the error. The following error categories validate the XML data:

- Multiple document – more than the required number of documents are included in the tax return.
- Missing document – a tax return document is required but was not included in the tax return.
- Data mismatch – the data in two fields should be the same but is not.
- Duplicate condition – the tax return or the transmission file was previously received and accepted by NYS DTF.
- Math error – the result of a computation is incorrect.
- Incorrect data – data violates a business rule even though it is syntactically correct. That is, the data values for elements must conform to the format specified and the data type. Also, the data values for elements **must** contain only values allowed for them in the schema.
- Missing data – data is not provided for a required field.
- Database validation error – data provided does not match the IRS database or the data provided should be present in the IRS database but is not (for example, the EFIN) in the return header **must** be listed in the MeF database and in accepted status).
- XML error – the data violates schema specification. The return and transmission documents **must** conform to the version of the XML schema specified by the IRS.
- System error – a return encounters a problem with the IRS systems that prevents the return from being processed electronically.

Form CT-3-S filings will be rejected if any of the shareholder data is missing from Form CT-34-SH, *New York S Corporation Shareholders' Information Schedule*. The required shareholder partner data elements in Form CT-34-SH include:

- Shareholder entity
- Shareholder ID
- Shareholder name
- Shareholder percent
- Shareholder address
- Shareholder state resident status.

If any of these elements are missing for any of the shareholders, the return will be rejected as a schema validation error.

Corporation tax e-file terms

MeF (*Modernized e-File*) - The 1120/1120S e-file Project that the IRS has been reporting on since 2001 is now known as Modernized e-File (MeF). MeF utilizes a new architecture for processing documents and accepts and validates tax documents in Extensible Markup Language (XML) format. Eventually all IRS e-file programs will use the MeF system to receive and process electronically filed documents.

Preparer firm's EIN - This number, which exists in the <ReturnHeader> element definition, is the employer identification number (EIN) of the firm that prepared the document (if applicable). It is a nine-digit numeric field, where the first two digits represent a pre-defined IRS district office code. The EIN is assigned by the IRS.

Preparer's NYTPRIN - This number, which exists in the <CTRtnHeader> BO, is the New York State tax preparer registration number of the preparer (if applicable). It is an eight-digit numeric field.

Preparer's SSN or PTIN - This number, which exists in the <ReturnHeader> element definition, is a choice between a person's social security number (SSN) and a preparer's tax identification number (PTIN). SSN is a nine-digit numeric field, and PTIN begins with letter *P* followed by eight numeric digits.

Schema - IRS has structured tax document data into a series of schemas. A schema is an XML document that specifies the data elements, structure, and rules for each form, schedule, document, and/or attachment.

Software ID - This number, which exists in the return header, or as a top level element within each schema, identifies the software used to build the return, form, or schedule in XML instance. It is an eight-digit ASCII character field assigned by the IRS. The first two positions identify the tax year. The software ID in the ReturnHeader is a required field. If the tax document was created using one software package, the SoftwareID in the ReturnHeader should be the only SoftwareID transmitted. If the tax document is created using more than one software package, the SoftwareID in the other Return Documents must indicate which software package was used for each form.

Transmission ID - This number, which exists in the transmission header, uniquely identifies a transmission for the tax year. It is created by the transmitter. The IRS will return this number in the transmission acknowledgement to uniquely identify the transmission that is being acknowledged. It can be up to 30 digits in length, is alphanumeric, and can contain the following characters:

- a colon (:),
- a period (.), and
- a hyphen (-).

A timestamp may be used as an ID if it is unique within the filing season. Up to four decimal fractional digits may be used for the second in a timestamp to ensure its uniqueness.

XML (*Extensible Markup Language*) - The language that specifies the structure and content of an XML document, to implement all forms and schedules in electronic format for MeF. It allows designers to create their own customized tags, enabling the definition, transmission, validation, and interpretation of data between applications and between organizations.
